

Harmandeep Singh

Summary

Versatile and motivated Software Engineering Student with a knack for problem-solving and a track record of success in diverse environments. Skilled in communication, teamwork, and adaptability. Passionate about making meaningful contributions and embracing new challenges. Seeking opportunities to leverage my strengths in new dynamic work settings.

Education

Royal Melbourne Institute of Technology

Bachelor of Software Engineering

2023 - Ongoing

Melbourne

Experience

Hungry Jacks

Crew Member

(City)

Feb 2020 – Oct 2021

- Managed an average of 100+ customer interactions, consistently ensuring exceptional satisfaction and swift issue resolution.
- Maintained standards of cleanliness and organization in both dining and kitchen areas, contributing to a welcoming environment for customers and staff alike.
- Collaborated with team members, fostering a positive and productive work environment, and consistently exceeding operational targets.
- Trained and mentored 3 new crew members, ensuring adherence to company standards and protocols.

Soccer Coach

Feb 2023 – Dec 2023

- Led coaching sessions for groups of up to children 16 children aged 4 to 13 at the same time, regularly modifying and enhancing drills to skill levels.
- Effectively communicated with parents, providing detailed updates on their child's progress, receiving consistent praise for my innovative yet effective training methods.
- Organized and supervised 12+ practice sessions and matches weekly, ensuring a safe and engaging environment.
- Conducted regular training sessions for 3 new assistant coaches before and during practice sessions to improve planning and teamwork skills.

Leadership & Activities

Australian Sikh Support

Volunteer

- Participated in community outreach programs and events.
- Assisted in organizing fundraisers and charitable activities.

School House Captain

Feb 2023 – Nov 2023

- Led house meetings and activities to foster teamwork and camaraderie.
- Represented the school in various inter-house competitions and events.

Skills & Interests

Technical: Proficient with various operating and maintenance systems through my experience as a current Software Engineering Student.

Language: Highly Proficient with English, Hindi, Punjabi and knowledgeable about various coding/operating languages (C++, Java, etc)

Interests: Avid sports enthusiast, particularly interested in soccer and cricket. I have also been learning the piano recently and have a passion for working out (mainly calisthenics).
